KC3ARC Information and Traffic Net - Script

Calling all radio amateurs…. Calling all radio amateurs…

Welcome to the KC3ARC Repeater System - Information and Traffic Net.

This is *[Your Call]*, your Net Control Operator for this Net. This Net meets every Wednesday at 1900 hrs local time on the 146.910 Mhz repeater, maintained by the Kent County Amateur Radio Club.

The purpose of this net is to exchange information of general interest to all amateur radio operators, within the operational range of the repeater.

Any station with emergency or priority traffic please call now. (Pause 5 seconds)

When checking into the net, please give your call sign once using standard phonetics, then standby until you are acknowledged. Call up will be in the order that calls were received however priority will be given to Echolink, portable and mobile stations.

Club officers, and Delaware Section Officials please identify yourselves as such when checking in.

Remember to identify your callsign when concluding your transmission and turning it back to net control.

This is *[Your Call]*, I will now take check-ins from stations through Echolink.
    Comments and/or announcements
I will now take check-ins from any portable or mobile stations.
    Comments and/or announcements
I will take check-ins from all other stations at this time.
    Comments and/or announcements

Are there any other stations that have questions, comments, announcements or re-checks? Please call now.

(Periodically identify yourself, about every 10 minutes)

This concludes the Wednesday evening test of the Kent County Amateur Radio Club net and repeater. 73 and thanks to all who participated. The frequency is now released for normal repeater operation, *[Your Call]*
